E13308/E13309

Specifications

- **Cabinet**
  E13308—Black finish.
  E13309—Dark Gray finish.
- **Dimensions: 13" H, 14" W, 15" D**
- **Approx. Shipping Weight: 26 Lbs.**

Remote

- **ChanneLock Direct Access Remote CRK10A (23-Button)**
  Ergonomic design and color-coded buttons make it easy to control power, volume, direct access of channels, plus TV picture adjustments and features.

Picture

- **Hi-Con Picture Tube**
  Increases contrast under bright room conditions.
- **Contrast/Color Tracking System**
  Synchronizes contrast and color settings to maintain vibrant images.
- **BlackLock Contrast Circuit**
  Maintains black levels to prevent "washed-out" images.
- **Picture Reset**
  Instantly returns picture to factory settings for Color, Tint, Contrast, Brightness and Sharpness.
- **Non-Volatile Memory**
  In case of most power outages, the picture adjustments and channel selections are stored in electronic memory.
- **181-Channel Tuning Capability[1]**
  Digitally controlled frequency synthesis tuning system "locks on" to cable and standard signals with unsurpassed accuracy.

Sound

- **Front-Fired Speaker System**
  Front-fired full-range frequency drivers provide excellent imaging while localizing voices at the screen.

Convenience

➤**Trilingual On-Screen Display**
Allows the on-screen menu system to be displayed in one of three languages (English, French, or Spanish).

- 30 Commercial***Skip***
  Countdown timer returns TV to original channel, so other channels can be browsed during program breaks.

➤**Programmable Timer System**
Convenient scheduling system can be used in a variety of ways:

– Sleep Timer
Automatically turns off the TV after a preset time period—for those times when you drift off to sleep in front of the television.

– Alarm Timer
Wake up to your favorite morning show or turn on your television automatically to catch your favorite program.

– Scheduling Timer
Since the alarm setting remains in the TV memory indefinitely, the TV can be scheduled to turn on at the same time every day.

- **Advanced Auto Channel Search**
  Auto Cable/Air Switch sets tuner to cable or "off-air" frequencies during initial setup. Then system automatically scans for and locks active channels into channel memory.

➤**V-Chip Parental Control**
Puts control back into the hands of the viewer by blocking unwanted television broadcasts with NEW U.S. Government required circuitry. Blocks three types of programs: regular television programs, broadcast movies and unrated programs.

Program rating information is sent by the broadcaster before the beginning of each program. The television will match program rating to user preference and block the entire program. User preference is secured using a four-digit password.

- **On-Screen Time and Channel Display**
  Displays time and channel number during channel change or at the press of a button.
- **Front Panel Lock**
  Allows disabling of front panel controls. Prevents small children from changing settings.
- **On-Screen Menu System**
  On-screen displays make it easy to adjust most picture, sound, and convenience features from the remote control.
- **Caption Vision CC Closed Caption Capability[2]**
  Assists the hearing impaired, helps children learn to read, and aids in the teaching of English as a second language. Built-in Closed Caption Decoder displays the audio portion of a program as text on the TV screen (when program is aired with the encoded signal).

Plus

- **Limited Warranty**
  –90 days for labor charges.
  –One year for parts.
  –Two years for picture tube.
  –See RCA dealer for complete details.

1 Check your cable company's compatibility requirements.
2 This television receiver provides display of television closed captioning in accordance with §15.119 of the FCC rules. This television receiver does not support color attributes of television closed captioning.
